Kansas City, MO	4
Kansas City-Overland Park-Ottawa, KS	5
Miami-Fort Lauderdale-West Palm Beach, FL	5
Orlando-Kissimmee-Sanford, FL	5
Pittsburgh, PA	6
Riverside-San Bernardino-Ontario, CA	6

**DMEPOS Competitive Bidding Bid Preparation Worksheet - Round 1 2017**  
**Estimated Capacity & Bid Amount Calculations**

This worksheet is provided to assist you with determining your bid amount and estimated capacity for each item in the product category. This information will be entered in DBidS, the online bidding system, on Form B. Your capacity is the estimated number of units that you believe you can provide in the competitive bidding area in a calendar year. All bid amounts must be bona fide (rational and feasible for you to furnish at the bid price). You must not submit a bid for an item at a loss in order to improve your chances of winning a contract. It is important for you to consider and include your cost to purchase the item, overhead, and profit when determining a bid amount for a unit. The Centers for Medicare & Medicaid Services (CMS) will evaluate bids to verify that they are bona fide and may ask you to submit additional information, including a rationale and invoices or other documents, to validate the bid amount. Save a copy of your completed worksheet to use if CMS requests documentation to support your bid amount. Please review the [Request for Bids \(RFB\)](#) instructions and fact sheets for assistance with completing your bid sheet (Form B).

General Notes	
•	The bidding units defined in this worksheet are for bidding purposes ONLY. Please carefully review the definition of a bidding unit for each HCPCS code or oxygen payment class and make sure you submit your bid amount correctly. In some cases, suppliers are required to submit purchase bids that are then used to generate monthly rental payments. Do NOT submit a rental bid amount when the definition of the bidding unit is for the purchase of a new item. The definition of a bidding unit (purchase or rental) is not necessarily an indication that this is how payment will be made for the item under the Competitive Bidding Program.
•	2014 Beneficiary Count may exceed 2014 Allowed Units because the beneficiary may have used the item for less than 10 months. (For bidding purposes, 10 or more months of rental are calculated as one unit. Less than 10 months of rental would not be considered an allowed unit.)
•	Items that are currently paid on a monthly rental basis will continue to be paid on a monthly rental basis under the Competitive Bidding Program.
<u>How Purchase Bids Will Be Converted to Rental Payments</u>	
•	Capped Rental Durable Medical Equipment (DME) except power wheelchairs - single payment amount for rental months 1 - 3 based on 10 percent of purchase bids and single payment amount for rental months 4 - 13 based on 7.5 percent of purchase bids.
•	Inexpensive or Routinely Purchased (IRP) DME - single payment amount for rental based on 10 percent of purchase of bids.
